Vision Service Plan (VSP)

ID cards

No ID card is needed to access your VSP vision benefits. When you see a VSP provider, simply give them your name (subscriber) and birthdate.

For reference purposes, ID cards can be downloaded off the VSP website at www.vsp.com, once you have logged in and created an account.

Provider network

You may see a VSP doctor, retail chain affiliate provider, or any other vision provider. By using a VSP contracted doctor, you will get the most out of your benefit, including additional discounts on covered and non-covered services. Your VSP doctor will submit claims for you, and will receive payment directly from VSP.

To find a VSP provider, go to their website at www.vsp.com.

Dependent verification

Proof of dependency is required following the enrollment of dependents. Documentation required includes (but is not limited to) marriage certificate, affidavit of marriage/domestic partnership, joint ownership documents, birth certificate, adoption papers.

A request for dependent eligibility documentation will arrive via US mail after your insurance paperwork has been processed.

Vision coverage

Your VSP vision coverage allows for services to be covered every 12 or 24 months, depending on your plan and the type of service. *Note this is not a calendar year plan*, but rather a plan where eligibility is based on the most recent occasion (if any) that you received the service.

A copayment and additional out-of-pocket may apply.

Open enrollment

Open enrollment happens each year, with changes effective on **January 1**.

To make changes, you will need to complete an AWC Combined Insurance Enrollment Form and return it to your employer.

Qualifying events (child birth, marriage, etc.) allow you to add dependents outside of open enrollment.
